Bulletin Staff Reporter

HONOLULU, Hawaii, July 10.—On the beach at Waikiki is about the last place in the world I thought I would be just a few weeks ago but here I am today looking out over those glistening sands toward the Pacific from the front steps of the world-famed Royal Hawaiian Hotel.

Armed Robber Gets 5 Years, Wife Let Off

RCMP crack-down on a vicious group of armed robbers continued as a married couple were convicted by Magistrate J. W. McCulla in police court Saturday.

Mr. and Mrs. Lawrence King, no fixed address, were members of armed gang of six who tortured one of their victims and threatened him with a butcher knife. They pleaded guilty to two charges of armed robbery.

FIVE YEARS ON EACH
King was sentenced to five years on each charge to Prince Albert Penitentiary. His wife was placed on two years suspended sentence on each charge. Terms will run concurrently.

Charges held that on June 8 at Westlock couple were among gang which held flaming paper to feet, and lighted matches to the nose of elderly Keephila farmer, Fred Danard.

In efforts to make him hand over \$71, couple took him to a hotel at Westlock where they held him and threatened Danard with a butcher knife.

On the second charge, the couple were found guilty of robbing a hotel at Hyley June 10. Gang rang for the night clerk Hyley hotel, Steve Funduk. Upon answering, robbers jabbed a revolver in Funduk's ribs and demanded his wallet containing \$70. They also took \$50 from the hotel.

DIRECTED BY HUSBAND
Prosecutor James Mason told court Mrs. King was under instruction and compulsion of her husband during robberies. He recommended she be put on suspended sentence for two years on \$1,000 bond.

"King you are in a serious position. You have been in trouble before. I understand you have a nice child. I hope you will go straight when you come out of penitentiary," the Magistrate said.

It is believed that there were four men and two women involved in the robberies.

Fliers May be Cause Of New Forest Blaze
Northern Alberta fire-fighters, gradually gaining on this summer's plague of bush fires, had to worry about airplanes over the week-end.

A new fire 20 miles west of Whitecourt was believed started yesterday afternoon by crew members of an airplane flying overhead.

POSSIBLY CIGAR BUTT
Forestry officials today had no further information, but believed some cause of fire, such as a cigar butt, might have been tossed overboard by members of the plane crew.

Before fire was discovered Sunday afternoon, about 200 acres of bushland were aflame.

Whitecourt is about 100 miles northwest of Edmonton. Fire-fighting crew of 20 men is en route to the blaze.

IMPROVING SLOWLY
Meanwhile, forestry officials said the forest fire situation seems to be "improving slowly."

Only new blaze besides the Whitecourt fire reported over the week-end was a small fire northeast of Ft. Assiniboine.

There are now 13 fires being fought in forested areas in province. There were 19 three weeks ago.

SNOW IS WORRYING THIS POLE SITTER
CLEVELAND, July 11.—(AP)—First it was the heat and then it was the rain for Charley Lupica, the Cleveland Indians' flagpole sitter.

Lupica, a drug addict, climbed up on his deluxe flagpole 41 days ago and vowed not to come down until the Tribe was in first place in the American league.

Last week his thermometer registered 118 one day, but Charley drank plenty of cold water and didn't mind too much.

But the rain yesterday? "I thought this was Niagara Falls instead of E. 17th st.," he said.

The tribe now are only 5½ games out of first place.

As he puts it, "I hope the Indians get hot before I gets cold up here."

Emergency Declared In Dock Strike

Sweeping Powers Given Government In Ship Tie-Up

LONDON, July 11.—(BUP)—King George proclaimed a state of emergency today, giving the government sweeping powers over the strike-bound docks of London.

Emergency powers, permitting the government to take over the docks regardless of union agreements, were expected to become effective at midnight and continue for at least a week.

The cabinet asked the King to approve the powers immediately after more than "6,000 dockers" decided at a mass meeting to continue their unofficial walkout in sympathy with striking Canadian seamen.

A large crowd gathered outside 10 Downing Street in anticipation of the Prime Minister's decision to ask for a state of emergency.

RETURNS TO LONDON
King George returned to Buckingham Palace at noon after spending a sunny weekend at Windsor Castle.

The cabinet acted promptly on receiving word of the strikers' vote. It had warned the dockers on Friday that it would seek emergency powers to deal with the strike if they refused to go back to work today.

Under a state of emergency, the government could take over all activities at the struck docks. Trade union agreements would be suspended and summary trials of any persons could be held any hour of the day or night.

The proclamation probably would become effective at midnight tonight.

STRIKE DENOUNCED
Cabinet members and union leaders have denounced the strike as Communist-led. They charged that the Communists were trying to sabotage Britain's economic recovery.

Scotland Yard agents mingled with strikers at their mass meeting in Victoria Park, near the docks where 100 strike-bound ships lay idle.

J. Timothy appeared to be voicing sentiments of many of the strikers when he told the cheering meeting:

"We are honest, loyal, working citizens, and we will not allow our sympathies to be drawn away by Communist agitators. If our union thinks they are going to line up with the employers to make us strike-breakers, then they are making a great mistake."

June Transit Travel Down
Patronage on the transit system during June was 36,276 below that of the same month last year to register the third successive decline in monthly total of passengers carried.

During June this year the system carried 2,801,241 passengers compared with 2,837,517 in June, 1947.

Total of passengers carried during the six months' period ended June 30 was 16,868,179 compared with 18,857,667 for the same period last year, an increase of 8,152.

Decrease in patronage was May this year compared with the same month last year was 122,472.

In May this year 2,966,250 passengers were accommodated on the system compared with 3,093,822 in May last year.

Trolley buses and street car routes were operated at a profit during May this year, but gasoline bus routes went deeply "in the red" on operation.

Street car operations per car mile in May was 53.1 cents while earnings totaled 53.36 cents.

Trolley bus operations costs amounted to 47.5 cents a car mile, while earnings amounted to 50.71 cents.

Gag Bomb Injures 12 In East Parade
EAST LIVERPOOL, O., July 11.—(AP)—A fun-maker's aerial bomb exploded among a crowd watching an American Legion parade yesterday. Twelve persons were hurt—three of them seriously enough to require hospital treatment.

MODEL PILOTS TIE FOR CROWN

Tied for honor of representing Alberta at Canadian National Model Aircraft contest in Toronto and later at Detroit are on left, Ed Hardy, 13415 92 street, and Jack Pentecost, 10322 95 street. Both wound up with 14 points at Sunday's Edmonton Bulletin Junior Air Show at Namao airport.

JUNIOR CHAMP in Edmonton Bulletin Junior Air Show is Bob Randall Jr., 10746 128 street. He collected total of 13 points in show which attracted hundreds of spectators all day.

2 City Model Fliers Win Provincial Meet

Two Edmonton model aircraft fliers will represent Alberta at national and international model meets as a result of a tie in Sunday's well-attended Edmonton Bulletin Junior Air Show at Namao airport.

Jack Pentecost, 10322 95 street, and Ed Hardy, 13415 92 street, each ran up a total of 14 points in the grand championship scoring which featured keen competition by modelers from all parts of Alberta.

Mr. Pentecost will go to the Canadian National Model Aircraft Contest in Toronto as guest of the Edmonton Bulletin, and Mr. Hardy will be guest of Ken's Garage Ltd. at the third International Chrysler Model Contest at Detroit August 22-29.

Rona Greig, 14608 71 street, was declared senior reserve champion to win the North West Industries Ltd award of \$25. He piled up a total of eight points.

Bob Randall Jr., 10746 128 street, was crowned junior champ of the show when he piled up a total of 13 points.

His prize was \$25 donated by Airlines Hotel.

Bob's class A control lines speed job racked up an average of 66.

Sunday Heat 2nd Highest

Yesterday's high of 86 above was the second highest temperature here this season and one point lower than the record set for the same date, July 10, 1888.

Highest this year was 89 on June 6 with the third in July 6 with 85 above.

Temperatures were high generally over the prairies and north country, with North West Territories going up to 80 and Watson Lake registering 85.

A few scattered thunderstorms in Alberta yesterday produced little rain although Banff chafed up 56, Calgary 46 and Lethbridge 66.

Indications point to continued drought throughout the prairies with temperatures high from the Nelson in B.C. through to Grande Prairie.

TORONTO THE GOOD
CALGARY, July 11.—(CP)—A yelling, whooping band of gaudily-attired easterners piled off today to prove to Calgarians—now exactly sure of their own selves—that "Toronto the Good" is not the staid business town most westerners imagine.

With ear-splitting yells and led by the bagpipes of the St. Andrew's Girls' Pipe Band of Toronto, the 250 strong Toronto contingent started the crowd of several hundred Calgary residents on hand to greet them.

Boating and Auto Accidents Are Fatal

Six Albertans died over the week-end in boating and auto accidents which claimed the lives of three adults, two boys and a baby.

DROWNED ARE:
Tom Majnari, 20, Coal Branch, Cyril Simmons, 20, Edmonton, but recently from Saskatchewan.

Edwin H. Hunt, Calgary, McColl-Franteneau Oil Company geologist.
Mrs. Edna Cowan, Calgary.
Dead after an auto smash are: Alec Carlson, 26, Banff, Alberta.

Donald Carlson, 18 months, baby son of the other victim.

The two boys drowned in the Athabasca River near Jasper after the canoe in which they were playing was caught in a strong cross-current and upset.

THIRD REACHES SAFETY
A third boy in the canoe, Tom Owen, 14, son of Mrs. Freda Owen, Jasper, managed to reach a small island safely and was brought back to the town by RCMP and town warden George Fowler.

Bodies of the drowned boys have not yet been recovered.

Simmons came to Alberta recently from Saskatchewan and to Jasper from Edmonton. He had been working at Mountain Motors in Jasper. His Saskatchewan address was not known.

Owen is a student and was working at Mountain Motors for the summer. Owen saved himself by clinging to the overturned canoe until he was able to get footing and crawl up the island bank.

2 DEAD, 2 SUVIVE
Two others survived the boating accident which claimed the lives of Mr. Hunt and Mrs. Cowan in the Ghost River, 38 miles west of Calgary.

Survivors are Violet Dagle and Ross Cowan, 6-year-old son of the drowned woman. They were assisted to shore by a boat of Roy and Scouts who were near the scene of the mishap.

Mrs. Dagle said the party was on a fishing trip. The boat capsized while being turned in a strong current.

Bodies of the drowning victims were found about one hour later.

TRUCK UPSET
The father and baby son were killed near Medicine Hat when the truck Carlson was driving upset, pinning them underneath. Another son, Brian Carlson, three, escaped without injury.

Police said the cause of the accident is unknown. It is believed an insect will be held.

The Carlson family had lived in the Dunmore district for only a week. They formerly resided in Black Diamond.

MUST BE LOVE
Man, Beast Cause Ruckus In Latin Zoo

BUENOS AIRES, July 11.—(AP)—Police yesterday broke up a fast friendship between an elephant and an Italian immigrant at the Buenos Aires zoo.

The Italian, Eduardo Nisi, 45, stopped in front of the elephant's cage and began stroking the pachyderm's trunk. The elephant, a female, liked her new friend so well she pulled the cage bars aside and lifted Nisi to her shoulder.

At Nisi's whispered commands, the elephant performed for a crowd of spectators. Zoo guards finally dislodged the Italian with long poles, and police took him off to jail. As he departed, the elephant trumpeted loudly and ripped her cage bars loose in an attempt to follow.

Barbara Ann Scott Coming to City

The little Canadian girl who skated her way to the Olympic and world figure skating titles is coming to Edmonton in November.

Blond, blue-eyed Barbara Ann Scott, petite queen of the ice, will skate here with her big new ice show five days, November 8 through November 12.

Edmonton dates were announced yesterday in Ottawa, where T. P. Gorman, president and general manager of National Sport Enterprises, is completing arrangements for Barbara's 12,000 mile Canada tour.

PRO CAST OF 50
Professional cast of 50, headed by Canada's Olympic queen, will be directed by Osborn, Canadian, formerly of the famed Ice Follies revue.

Barbara Ann and her skaters will travel in two private railway cars, with a special baggage car for costumes and scenery.

Barbara's costume alone will cost more than \$10,000.

The big show of its kind ever to be assembled in Canada will be put together in Ottawa next September.

The company will leave for Winnipeg, first stop in the western tour, early in October.

FLY TO HOLLYWOOD
Barbara Ann, N.B. Miss Scott will fly to Hollywood in August, where she will skate in the Hollywood Bowl.

Her personal "take" for the six-month Canadian tour will be "about \$100,000," according to promoter Gorman.

It is known Barbara Ann not long ago turned down an offer of \$100,000 a year to skate for the big Norris-Wirtz syndicate in the United States.

Ian McKenzie Is Promoted
A former Edmonton man has been made general passenger agent for the Canadian National Railway at Winnipeg.

He is Ian N. McKenzie, formerly district passenger agent and one-time general agent at Jasper Park Lodge. He succeeds W. G. Connolly, with passenger traffic manager, Western region.

Mr. McKenzie started with the C.N.R. in Saskatoon in 1917. He later served in Regina, Portland, Ore., Vancouver and Edmonton.

Another Edmonton man, D. W. Hearn, has been moved to Regina as ticket clerk, replacing J. P. Porman who has been transferred to Prince Rupert.

200 Alberta Scouts Go to East Jamboree
200 Alberta Boy Scouts will leave Tuesday to attend the first Canadian Scout Jamboree in Ottawa, July 18 to July 24.

Governor-General Viscount Alexander of Tunis, Chief Scout for Canada, will open the Jamboree.

Some 2,700 Scouts, from all over Canada, including the new province of Newfoundland, and a group from the U.S., will attend the one-week event.

25 FROM CITY
Edmonton Scouts leave tomorrow morning on the first leg of the eastern trip.

They, together with Scouts from Red Deer, Ponoka, and Rocky Mountain House, will form Alberta Troop No. 2. Six troops, including 35 Scouts and 20 Scoutmasters, will represent Alberta at the big event.

Alberta Troop No. 2 will be led by Frank G. McCoy, Scoutmaster of 28th Edmonton Troop. He will be assisted by Harold Taylor, assistant district commissioner, and David Mitchell, assistant Scoutmaster of the 2nd Edmonton Troop.

ALBERTA TROOP NO. 1
Edmonton Scouts will be joined by Alberta Troop No. 1, including Scouts from McLennan, Veggieville, Vermilion, Lloydminster, Riley, Armada and Camrose.

Leaders of this troop will be Thomas "Beaver" Bennett, Veggieville Troop Scoutmaster, assisted by Rev. F. R. Leonard, First McLennan Troop Scoutmaster, and Harry Radomsky, First Andrew Troop Scoutmaster.

THREE-DAY DANCE ORDEAL
Redskin Sun Dancers Complete Annual Rite

The white men can have their marionette dances, popular in many U.S. cities.

The Redskins prefer their sun dances to hear an Indian brave tell it, the marionette is just a white man's imitation of the sun dance anyway.

The sun dance is no recent Saturday night hoe-down fad. The Redskins could tell their way through a real shuffle long before the white men brought their native dance to the prairies.

For untold years Indian braves have congregated on the banks of the Battle River, about 60 miles south of Edmonton, to stage one of their most colorful religious rituals. The sun dance, which went on for weeks, long before three consecutive days is symbolic of Indian worship of the sun.

Nearly 2,000 Indians from all parts of Alberta, Saskatchewan and Montana engaged in the

YOUNG OILMEN are these 20 Edmonton Boy Scouts, members of the group of city Scouts who leave Tuesday for first Canadian Scout Jamboree in Ottawa. Scouts are Ken Foo, 11330 Jasper avenue, of the 25th Edmonton Troop, and Denny May, 10122 142 street, 11th Edmonton Troop.

Scouts Will Drill For Oil on Ottawa Streets

Edmonton Boy Scouts are working up a lulu of a surprise for their fellow Scouts of the eastern Canada.

The city Scouts are leaving Tuesday for the first Canadian Scout Jamboree, to be held in Ottawa next week.

They're going to show the Easterners how simple it is to find oil by erecting a derrick, drilling and pretending the oil will gush forth.

Secret of their plan is a 30-gallon drum of oil which they plan to bury at the Scout camp. Naturally it will be a cinch to "find" oil when they drill.

In cahoots with Alberta oil firms, the Scouts are going to do a little publicity work for the province.

In addition to just finding oil, for the Easterners, they're going to be dressed like oilmen, too.

With new helmets from General Petroleum, white coveralls from Great West Garment Co., and samples of Leduc oil, they'll set for their Eastern jaunt.

Other provincial government officials journeyed south for the Calgary Stampede, too. Agriculture minister Ure and economic affairs minister Hooke are now in the U.S. Industry and labor minister Robinson is in Medicine Hat on business.

AT AIR SHOW
Ned Targoon, veteran member of Edmonton's city police force, was a most interested spectator yesterday as hundreds of model plane enthusiasts thronged the airport for Edmonton Bulletin Junior Air Show.

FROM OTTAWA
Increasing interest in athletic control in Alberta was noted by Edward Dunlop, executive director of the Canadian Athletic and Rhythmic Society, of Ottawa. Mr. Dunlop arrived in Edmonton yesterday and will confer with local medical men.

MORE MONEY
An oil field worker has discovered there's more money in food than oil.

Employed as a welder at Leduc he has doffed his pusher boots and khakis for an apron and chef's cap. His home-made trailer is crowded daily, with hot-dog munching "roughnecks."

Air Force Plays Important Role In Air Show
Sponsors of the Edmonton Bulletin Junior Air Show wish to thank all those who made the Sunday show at Namsa possible.

Particular thanks are due Air Vice Marshal Hugh Campbell, Air Officer Commanding North West Air Command, for allowing use of Namsa airport for the show.

RCAP authorities also provided ration service, bus service and judges, through kind co-operation of Ft. Li. Power, adjutant Edmonton RCAP station.

The following personnel acted as Judges: Art Coumlet, Al Whalen, Herb Peters, Russell Lashner, Norman F. Tustin, Joe Hunter and Lloyd Wiseman.

City Revenue Has \$500,000 Increase

Slight Surplus Shown After Payments Are Made

Gross revenue from the five city-owned utilities for the five months period ended May 31 totalled \$4,308,827.35 compared with \$3,711,298.52 for the same period last year, an increase of \$597,528.83.

Expenditures for the 1949 period totalled \$3,808,080.44 against \$3,213,781.37 for the first five months of 1948, an increase of \$594,299.07.

Surplus after providing for taxes, capital charges and depreciation of current assets, totalled \$500,746.91 compared with \$497,517.15 for the first five months of 1948, an increase of \$3,229.76.

Of this surplus \$156,727.22 was paid into the city treasury, and \$347,022.69 was transferred to plant extension reserve accounts.

Last year for the five months period revenue paid to the city treasury from surplus was \$181,162.84, and to reserve accounts, \$344,007.64.

TRANSIT DEFICIT
Transit system showed a deficit of \$1,787.44 for the first five months of this year compared with \$23,743.07 for the same period last year.

Taxes paid in the 1949 period totalled \$2,000,000 against \$1,711,890.90 for the first five months of 1948, an increase of \$288,109.10.

Debit charges for the 1949 period amounted to \$476,378.00 against \$387,380.60 for the first five months of last year, an increase of \$88,997.40.

ACCOUNT FOR INCREASE
Capitalization of transit system, telephone system and power plant extensions account for the increase in debit charges.

Expenditures from extension reserve accounts during the 1949 period amounted to \$1,040,018.82 compared with \$1,334,096.53 for the first five months of 1948, a decrease of \$294,077.71.

Total of \$672,678.06 was available in extension reserve accounts at May 31.

Egg Prices Up 3 Cents
Price of a dozen Grade A eggs in Edmonton has taken a 3-cent jump in both retail and wholesale markets.

Change will be effective in stores Wednesday when prices on Grade A large, medium and pullets will be 7, 5, and 4 cents.

Price hike to cover shipping is effective today. They receive 48, 46 and 40 cents for Grade A, large, medium and small.

NO CHANGE IN B GRADE
There is no change in the price of B and C grades, country shipped receiving 31 and 25 cents a dozen. Retail price of B and C grades is 38 and 32.

Today's change in egg prices reflects a drop in marketing of Grade A eggs. However, poultry producers are not on the market, and there is a strong undertone due to the good market for grade A eggs in B.C.

Edmonton area is shipping an average of 3 to 5 cars each week to the coast.

Seventh-Day Youth Meet
About 2,000 Seventh-Day Adventists from Western Canada provinces will hold a three-day Youth Congress beginning Thursday at the Canadian Union Colleges at Lacombe.

First such congress held. The youth meet, first of its kind, is expected to draw delegates from the four western provinces, and Ontario.

A similar convention has already been held at Oshawa, Ont., for Eastern Canada Adventists.

ONE OF 75
Alberta Youth Congress is one of 75 being held all over the world by the Seventh-Day Adventist church.

Theme of the congress is "Share your faith." Special emphasis will be given to foreign mission service. On Saturday, missionaries from all over the world will participate in a foreign missions procession. Delegates will sign pledges to accept calls to foreign service.

Adventist youth director for Alberta is H. M. Gardner, of Edmonton.

The Spanish colony Ceuta is a fortified post on the Moroccan coast opposite Gibraltar.

3 LOST PLANE IS SOUGHT

A wayward model airplane, too intent on chasing fiery clouds to bother returning to the Edmonton Bulletin Junior Air Show at Namsa airport Sunday, is still being sought by its owner.

The 5-foot plane, powered with a miniature gas engine, soared up and away north-east of Namsa out of sight of officials on the flying field.

Anyone finding the elusive model, which has white wings and a blue and black fuselage is asked to contact the owner, Ed Hardy, 11415 92 street, or the Edmonton Bulletin.

Three Injured In Crack-up
Three persons, Victoria and Emil Laskewsky, and Leslie Rhodes, all from Leduc, were injured when their car left the highway near Legal Sunday afternoon.

All three were rushed here to Royal Alexandra hospital.

Victor Laskewsky was found to be suffering from a fractured arm and is being retained.

Emil Laskewsky was treated for cuts to his forehead and Rhodes suffered an injured back. Both were released last night.

Driver of car, Victoria Laskewsky, told RCMP she lost control of the car.

Missing Men Are Located In Northland

A spokesman for North-West Air Command here today said a team of geologists, survey party, headed by Dr. A. D. H. Barnes, was safe today in the barren Lockhart lake area, 150 miles northwest of Yellowknife, N.W.T.

The party, lost in the bushland for four days after missing a rendezvous with a civilian plane flying them supplies, was located by an Air Force photo survey plane Saturday.

The six men and three comas were to have met the civilian plane July 5 but when they did not show up the plane returned to Yellowknife and asked the Air Force to help in a search.

An RCAP Norseman, piloted by PO S. A. Marshall, spotted a helicopter signal from a hilltop during the search and landed near the party. The men were living on fish and squirrels but were in good health.

The spokesman said the Norseman flew food to the men and the civilian plane also flew in supplies, including blankets.

Federal Scene Lull Expected

New Developments Held Up Until St. Laurent Returns

OTTAWA, July 11.—(CP)—Few developments in the federal political field are expected until Prime Minister St. Laurent and members of his cabinet return from post-election holidays.

Conroy Denies UEW Invasion

OTTAWA, July 11.—(CP)—Pat Conroy, secretary-treasurer of the Canadian Congress of Labor, said yesterday the recent suspension of officers of United Electrical Workers was in no way an invasion of democratic rights.

Denied Vote

The CCL executive council last week suspended Jackson and four other officials of the Communist-linked UEW for "slandering and misleading" statements which have appeared in the UEW official newspaper. The suspension meant that the five men, whose names appeared in the issue of the paper, will be denied voice or vote in any convention, federation or council of the CCL.

Mr. Jackson said the council was interfering with the autonomous right of the union, and protested against what he called an invasion of the democratic right of the membership to decide who should represent them at Congress bodies.

In the telegram of reply Mr. Conroy said "democratic rights are in no way invaded by the imposition of restrictions upon those who seek to vilify their associates on every conceivable occasion."

Democratic rights, he added, could not properly be used as a cloak to carry on a campaign of sabotage and character assassination.

Forest Blaze Raging in B.C.

VANCOUVER, B.C., July 11.—(RUP)—A forest blaze raging through wild timber country near Cowichan Lake on Vancouver Island was being fought yesterday by 45 men and four bulldozers.

No settlements were reported threatened by the racing flames, but the total fire area was more than 300 acres.

Provincial forestry officials said the blaze broke out yesterday morning at the Stult logging camp near the lake.

Top-Flight Artist Dies

TORONTO, July 11.—(CP)—One of Canada's leading artists, Franz Johnston, died in hospital here Saturday. He was 61.

His landscape paintings were internationally famous and four of them hang in the National Gallery at Ottawa. Others are in private collections in Canada and abroad.

So little were his works that one did not need to be an artist to appreciate their beauty.

"That is the way the Creator made it," the Toronto-born artist was fond of saying. His accuracy of detail was such that mineralogists could identify ore-bearing lodes from his color sketches.

When Franz Johnston painted the Arctic and Eskimos, he went to the Arctic to do it. In 1920 he spent six months in the Arctic painting 100 scenes.

EDMONTON BULLETIN, Monday, July 11, 1949

around the Eldorado rathum mine and at Coronation Gulf.

One of the original Group of Seven, he painted many of his landscapes in the Georgian Bay area, where he had lived since late '30s. Mr. Johnston also did much work in the Saguenay River area at Quebec.

His pictures, especially those in later years, were noted for his remarkable technique of portraying the beauty of light on water.

At one time he was principal of the Winnipeg School of Art.

A gallon of distilled water weighs 8 pounds.

Explosion Rips Winnipeg Plant

WINNIPEG, July 11.—(CP)—An explosion of undetermined origin last night knocked both upper ends off a two-storey building in downtown Winnipeg.

Four fire stations were called to the scene of the one-alarm blaze after the explosion ripped the ends off the building and threw them to the ground. No one was reported injured.

It was believed the explosion was caused by spontaneous combustion in the spray room of Kahane's Ltd., makers of Devonware pottery and ornaments, housed in the building, fire coming to rest.

To Show Plan

OTTAWA.—(CP)—A travelling exhibit of the National City Plan begins a Dominion-wide tour in August when it goes on show at the annual Ottawa Exhibition. The plan includes new buildings, parks and roads for Ottawa and a large, surrounding area.

Abbott Praises One-World Trade

Canadian Minister Lauds Three-Power Conference

By Alan Harvey
Canadian Press Staff Writer

LONDON, July 11.—(CP)—Finance Minister Douglas Abbott of Canada today told correspondents he considers "some considerable measure of success" was achieved at three-power talks on Britain's dollar problem.

During an informal press conference at Canada House, Abbott described the communique issued from Prime Minister Attlee's residence at Chequers yesterday as "reiteration of faith" in the ultimate one-world system of trade.

"I consider the communique very heartening," Abbott said. "I place great faith in the sincerity of the ministers involved in the discussions."

During the year 1900 hospital claims were paid. Enrollment is now more than \$1,000 and is increasing rapidly. Current enrollment is 12,000 a month.

Dr. D. R. Easton, medical superintendent of Royal Alexandra hospital, Edmonton, was appointed medical referee of the plan. He will have "last say" regarding any contentious applications or claims. Chairman of the day-long session was Dr. A. C. McCuan, superintendent of University hospital, Edmonton, and president of the Associated Hospitals of Alberta, sponsors of the plan.

Steel Tie-Up Looms Nearer

WASHINGTON, July 11.—(AP)—The steel labor crisis swept into Washington today in its rush toward a possible country-wide strike next Saturday.

Seeking to avert a vast steel shutdown, Cyrus S. Ching, Canadian-born director of the United States Mediation and Conciliation Service, prepared to hash over the dispute with both sides this afternoon.

He invited to the conference Philip Murray, president of the United Steelworkers of America (CIO), and officials of several large companies including the purchase United States Steel Corporation.

Before the negotiations between the union and U.S. Steel fell apart last week in Pittsburgh, the union argued the company could raise wages as much as 20 cents an hour and still reduce prices and make a substantial profit. The company said higher wages would mean higher prices and it refused any wage increase at all. Disputes over pensions and insurance benefits were deadlocked, too.

KING GUSTAV TAKES DIP IN THE BRINY

STOCKHOLM, July 11.—(AP)—Sweden's 81-year-old monarch, King Gustaf V, took a dip in the sea yesterday to escape the country's heat-wave.

It was big news for Stockholm's newspapers, which reported he followed the habits of his younger days and went bathing in the raw.

King Gustaf is vacationing at the Kattegat seaside resort of Sævi.

Although the King did not swim, Expressen reported, he enjoyed his dip so much he decided he would continue seaside bathing.

Recounts Set In 8 Ridings

OTTAWA, July 11.—(CP)—Eight recounts—half of them in Quebec—have been ordered in constituencies which had close races in the June 27 election.

The recounts have been called in Des-de-la-Madeleine, Dorchester, Trois-Rivieres and Montreal Papineau—all Quebec ridings—in the Ontario constituencies of Brant-Wentworth and Middlesex East, and in Annapolis-Kings, Nova Scotia, and Regina City.

MORE IN SIGHT

There may be other recounts requested in a number of additional ridings which had close races but formal requests have not yet been made.

Liberal candidates hold the lead in four of the eight seats which will have votes recounted. Progressive Conservatives lead in three and an independent is the leader in the other riding.

Four of the recounts, Annapolis-King's, Dorchester, Trois-Rivieres and Middlesex East, will be held today. Montreal Papineau and Regina City are scheduled for Tuesday.

Brant-Wentworth for Thursday, while Des-de-la-Madeleine hasn't been set yet.

The final result in Regina city saw J. O. Probe, CCF member of the last house, trailing Dr. E. A. McCusker, Liberal, by 86 votes.

Under the Election Act, recounts may be ordered on request of a losing candidate in any constituency where there has been dispute over whether certain ballots have been spoiled.

Asked whether Canada plans a "Buy British" campaign to equalize the balance of trade with the United Kingdom, Abbott said no new spectacular campaign was under consideration.

Canada's part in the continuing discussions would be entrusted to top dominion civil servants such as Norman Robertson, clerk of the Privy Council; Dana Wilgerson, Canadian High Commissioner to the United Kingdom; and Louis Rasmussen, dominion financial adviser.

Speaking as "a semi-prisoner cut off from my diocese," the Roman Catholic bishop of Brader Kravice has publicly protested against "exceptional police measures" which he complains violate the Czechoslovak constitution.

The bishop, Most Rev. Moric Prekmuric, made his protest in a statement in the town of Chrast during a confirmation service.

The bishop's exchange said the ship was due to San Pedro this morning from Vancouver, B.C.

City Gunsmiths Keep in Shape

There aren't likely to be any Al-bert trap and skeet shooting competitions this year but members of the Edmonton Gun Club are keeping in 'shape' anyway. At the weekend Lindsay Elliott, Bill Davis and Gus Brown fired perfect scores by way of indicating they are red-hot.

Elliott and Davis fired 25's at traps, while Brown got his in the skeet. The three were second, third and fourth in the trap event with 24, while Jack Elliott trailed Brown with a similar score in skeet.

Following are complete results:

Trap—L. Elliott 25, Bill Davis 25, A. H. Edwards 24, George Davis 23, 12, Paul Hervieux 22, Bill Gaudet 22, Paul Peter 22, Hal Strang 22.

Handicap—L. Elliott 26, Davis 23, Dr. Hervieux 18, L. Elliott 18, Straight 17.

Skeet—Gus Brown 25, L. Elliott 25, Gaudet 23, Charles Crawford 22, 12, Hervieux 22, L. Elliott 21, Bob Porter 20.

SSBM Puts Grab On Beach Honors

ALBERTA BEACH, July 11.—South Side Business Men won top honors in annual Alberta Beach baseball tournament here at the week-end.

Edmonton team won the \$60 top prize by whipping Thornby, 19-9, in the final. In the first round SSBM knocked over Burns, 8-4, while Thornby whipped Marienville, 16-5.

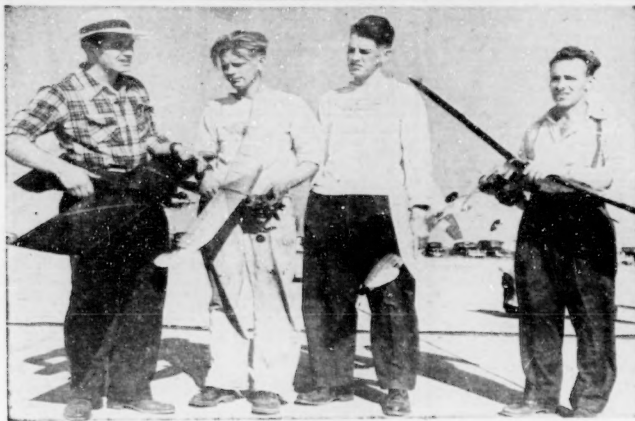

Thornby drew a bye in the semi-final, while SSBM whipped Westlock 11-3.

Maple Leafs Rally To Top Calder 4-3

Maple Leafs edged Calder 4-3 in a closely contested juvenile baseball league game played yesterday at Calder. Calder scored a single run in each of the first three innings to lead 3-0 going into the last of the third frame.

Maple rallied then to score two runs and tallied two more in the fifth for their winning margin.

Free flight model winners got in some cloud-catching flights under ideal conditions. Here, from left, are Ed Casabianchi of Edmonton, Larry Bramley of Calgary, Jim Goodwin of Calgary, and Bill Leinweber, also of Calgary. They won, respectively, the CPA event, the Service Meat Market, Edmonton Paint and Glass Co., and Grosser Parts events.

PAVING NEEDS TO COUNCIL TONIGHT

Authorization by city council to spend \$18,200 on "flexible paving" will be recommended by city commissioners at tonight's meeting.

The appropriation is contained in local improvement schedule calling for expenditures of \$82,374 on bituminous walks, concrete walk replacement, one course concrete paving, grading and graveling, filling and boulevarding.

Approximately \$25,000 will be spent on one-course gravel paving, and \$16,000 on grading and graveling.

Oiling appropriation is set at \$2,550, and boulevarding at \$2,044.

Builders Ask Town Planner

Immediate appointment of a qualified town planner is requested by Edmonton House Builders' Association in a communication to city council.

Council also is requested to take immediate action to set up a town planning department.

This department should have authority to deal with immediate problems, and to prepare a long term plan of civic development.

Personnel of the department is suggested by the association should be drawn from various civic departments affected by town planning to assure co-operation amongst these departments.

Severe 'Quake In North Pacific

NEW YORK, July 11.—(AP)—Seismologists throughout the United States yesterday reported a severe earthquake, apparently in the North Pacific area.

The Franklin Institute in Philadelphia called it a "whopper of an earthquake" and said it appeared to be in the Aleutian Islands. It was recorded at 9:06 (11 p.m., Edmonton time), Saturday night.

DUAL AWARD WINNER Wing Commander Frank George Grant of Calgary is seen receiving Distinguished Service Order and Distinguished Flying Cross from the hands of Lt. Gov. J. C. Bowen at Saturday's investiture here. W.C. Grant led his wing in support of the army in Ardennes battles and subsequent drive across Germany, contributing materially to rapid advance.

Ex. Grandstand Show Looms as Best Ever

Two shows will be held nightly except Monday during summer fair week here July 18 to 23, to accommodate the large numbers making reservations for "Cavalcade of Stars," the grandstand attraction this year.

Commenting on this year's show Managing Director James Paul said "it will be far more spectacular and will exceed in quality and entertainment any previous attraction of its kind."

First show will start at 7 p.m. Tuesday through Saturday, the second show being scheduled for 9:15 p.m.

Cast of 47 stars of radio, screen and theatre is included in "Cavalcade of Stars" production.

Master of Ceremonies will be Preston Lambert, who combines a gay, charming personality with keen wit and outstanding singing ability.

Mad-cap knockabout comedy, skillful acrobatics, outstanding juggling and brilliant unicycling are merged delightfully in the fast-paced offering of Parker Brothers.

For sheer laugh-provoking qualities their routine is top offering.

DANCERS TOO

Another outstanding feature of the show will be a troupe of 16 dancing pretties, the Melvin dance ensemble, whose beauty is enhanced by stunning costumes, changed repeatedly throughout their sparkling performance. Sizzling lighting effects, and a charming musical background point up their flawless precision dancing.

Sure to capture the hearts of capacity audiences expected are the two teen-agers, the Gray Sisters, Carolyn and Jodie.

These dark-haired youngsters are outstanding sycophants who have zoomed to the front ranks in their field within a short time.

Their playing is notable, not only for their skill, but for their novel interpretation of popular numbers.

Aida, the "Star of the Moon" so billed because she performs from a sub-zero replica of a quarter-moon suspended from a moving airplane 75 feet in the air will present an act that is regarded as the most spectacular new circus thriller developed since the war, and is one of the most thrilling circus features ever presented.

BELGIAN STAR

One of the few foreign headline circus acts to enter North America since the war will be presented in Tony Ridola's show.

The Belgian star, a skilled baller, fuses his skill with rare comedy efforts. His act is packed with laughs and he goes through his routine with Erica Pichadine, Mexican comedy star, and Marie Parnegiane, well-known Italian artist.

Low, Hile, and Stanley is another laugh-provoking act scheduled for the grandstand show. Giant Hile, diminutive Low and normal sized Stanley perform incredible acrobatics and knock about comedy. Hile stands 7 feet 9 1/2 inches. Low four feet three inches, and Stanley five feet 10 inches.

Always a favorite with Edmonton audiences Happy Harrison's Circus is certain to win acclaim.

This unique circus is really a complete show in itself whose dogs, ponies and monkeys are expertly trained and take great delight in showing off before audiences.

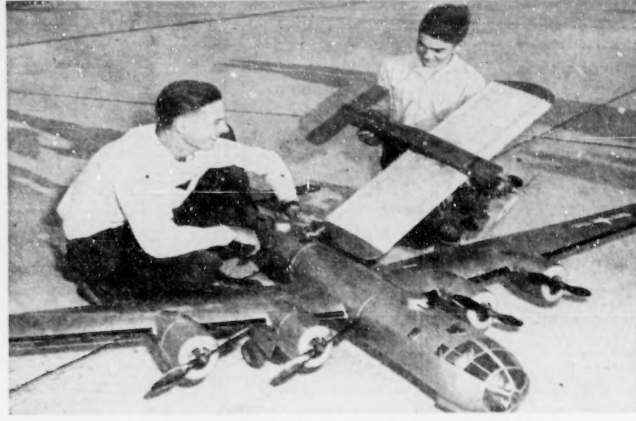

Tax Discount May be Cut

Reduction in the discount rate allowed on prepayment of business tax is recommended by city commissioners.

City council tonight will be asked to reduce the rate from 10 per cent to five per cent on payments made prior to September 1, and to two per cent on payments made prior to November 1.

Council also will be asked to confirm the business tax assessment roll for 1949. This has now been compiled by City Assessor J. A. Macdonald.

He recommended to the commissioners that reduction be made in the prepayment discount rates allowed.

Speed to Burn and Thrills Galore at Air Show

Biggest attraction, both in size and performance, was B-29 Flying Fortress built and flown by Ross Grady, 11408 71 street, left. With it Ross cleaned up Airlines Model flying scale model event and also won \$20 donated by Morgan Nicholson Ltd. for best landing in control line events. Junior stunt model champ was Dave Copeman, 10990 71 avenue, who shows Ross how his model performs vertical figure-of-eights.

Youngest pilot at Sunday's Junior Air Show was son of Edmonton Model Aeronauts' president, Bob Randall. John, age six, didn't get very far in the competitions, but he had lots of fun flying this model.

NEW DEAL PLANNED FOR HIGHLAND GOLF

Highlands Golf Club will get a "new deal" under its lease with the city if a recommendation of city commissioners is accepted by city council tonight.

When present 20-years lease was negotiated, council eliminated the clause providing that should the city take over the club's property it would acquire the holdings without cost.

Since then negotiations have been carried on between club officials and commissioners, and it has been agreed that in event of city taking over the club's property that the club be paid \$30,000 for improvements.

17-Year-Old Youth Gets Three Year Term

Seventeen-year-old escapee from Oliver Mental Institute was sentenced to three years in Prince Albert penitentiary in police court Saturday on a charge of shopbreaking.

Auto Camp Sites Get Planners' OK

Two of four sites suggested by a council's parks committee for auto camps or motels have been accepted by the Town Planning Commission.

They are the triangle between Portage avenue, Kingsway and 116 street, and the triangle between Kingsway, Portage avenue and 106 street.

Commission members recommend that these parcels be rezoned to permit construction of auto camps or motels in the area.

Town Planning Commission also recommends that an auto camp or motel classification be adopted, and that city council incorporate in the zoning bylaw regulations governing construction of camps and motels, and placement of utility on sites in this new zone.

Recommendation by the parks committee that north end of 105 street bridge west of 105 street to the railway south of 95 avenue be rezoned as auto camp classification was rejected by the commission.

Roadside district residents protested against the rezoning of these two properties. Their protest will be considered at tonight's council meeting.

They maintain the properties have been retained as park lands and have been used by neighborhood residents for that purpose.

Future development of the South Side park, it is asserted, will require relocation of all available space on the south side of the river ravine.

Protestants point out that property at north end of 105 street bridge south of 95 avenue was held off the market by city council decree.

OTHER SUGGESTIONS

It is pointed out also that should provincial government decide to fence its property Roadside residents could only reach municipal golf links and Victoria park through the area is proposed to be rezoned for auto camp sites.

Suggestion is made that the area from the Low Level bridge to White Mud Creek be developed by installing additional swimming pools, playing fields, bridge paths, and hiking trails.

127 Airmen Given Wartime Awards

Farm Rally Planned Here

Twenty-one clubs will participate in the Junior Farm Rally at the Edmonton Exhibition Association's summer fair which opens on Monday, July 18.

The rally, to be held Thursday, July 21, is sponsored jointly by the Exhibition Association and provincial department of agriculture, and is a new venture in Alberta. Rallies have been staged in other provinces, notably Manitoba.

The rally is open to all junior farm club members in the Edmonton district served by District Agricultural Extension, Fontaine and White.

It is open also to members of home and garden clubs served by district home extension, Miss Ruth Whaley.

Membership in the 31 clubs participating in the rally is set at 200.

Highlights in competitions to be staged during the rally include weed identification, grain judging as well as judging of both beef and dairy cattle classes.

Special event of interest will be an expert demonstration of showmanship. An exhibitor, well qualified by experience and training, will show club members just how it should be done.

Girls' program includes judging of menus, costume selection, table setting, etc., and a tour of the women's exhibits.

Following a picnic luncheon a fashion show and flower arrangement demonstration will highlight the program.

Explosion Causes \$50,000 'Peg Fire

WINNIPEG, Man., July 11.—(HUP)—Explosion and fire caused an estimated \$50,000 damage to a building here last night.

Cause of the fire had not been determined.

EDMONTON, July 11.—(HUP)—A 1,400-sq-ft railroad replacement here was completed 10 hours as fast as formerly. The prefabrication method took 100 men 77 hours compared with the usual 177 hours.

Heroics Are Recalled At Mass Investiture

Gallantry in action and devotion to duty of 127 Alberta airmen serving in the Second World War was recognized at an investiture held here Saturday.

The investiture held in the drill hall at North West Air Command, was one of the largest ever to be held in Edmonton, and was presided over by Lt. Gov. J. C. Bowen, who presented the awards to the men.

More than 1,000 friends and relatives of the men attended.

Awards presented ranged from the Distinguished Service Order to the Distinguished Flying Cross. Another dual award was made of the Distinguished Flying Cross and the Air Force Cross.

Group Captain Max Morton Hendrick, stationed at North West Air Command, was awarded the Order of the British Empire.

SHOPPING GUIDE

Bacon 'n Eggs On Way Up Price Scale

In spite of quantities of fresh vegetables . . . in spite of plentiful fruit . . . the cost of living index is jumping points in points weekly.

A couple of reasons for price jumps this week will be eggs 'n bacon . . . the North American continent mainstays.

4516
SIZES
12-20

Yes Ma'am! Monday eggs will go up another three cents in retail price bringing the consumer cost to 50 cents and 60 cents per dozen for Grade A large hen fruit.

There's a reason for this which has been carefully explained by local producers and distributors.

An acute shortage of grade A eggs has developed in all parts of the province, although some areas have greater deficiencies than others.

The shortage will continue through the summer to at least October, with further price increases imminent as the season progresses.

Vancouver consumers are paying more than 65 cents per dozen at this very moment with promises of a 70 cent price by August.

In that coastal city the shortage is blamed on heavy losses by poultrymen, who received high prices for birds and feared a drop in the egg market. Wholesalers here and there say Grade "A" large eggs are scarce as "hen's teeth."

Last year at this same time distributors were paying 42 cents to producers . . . this year they're paying 45 cents in Edmonton; 47 cents in Calgary; 50 cents in Lethbridge.

I guess I'll just let that Angel Food cake slide until the prices take a decline . . . what about you homemakers?

And as for ham and bacon prices, they're already almost prohibitively high . . . but things are not at their worst yet. The price of hams per hundred weight went up again Saturday and again today . . . this means further increase in the last ham, husband's favorite ham . . . ah, the budget . . . what a blow!

YOUR BABY AND MINE

Mother's Attitude Influences Appetite

By Myrtle Meyer Eldred

A parent's feelings are accurately communicated to the baby. In that three-times-a-day ceremony of feeding, she has ample opportunity to experiment and recognize how quickly her child will react to her own emotions.

Many a mother puts food before her child as if having cooked and served it, her own has been done. But it is the way in which she proffers it to the child that makes it seem interesting and appealing. Something to be pushed aside because Mommy evidently has no use for it.

This is just an addition to the well-known fact that if Daddy doesn't like rice pudding it is pretty futile to try to get his son interested in it. It is observation of individuals concerned with children that a mother's frowns, her obvious anger, her disinterest in the ceremony, ruin the child's appetite for what he is eating. He may not know how to describe his mother's emotions, but he is perfectly aware that she has them and that he is influenced adversely by them.

There are too many children who do not thrive despite good diets. They are peevish and irritable. They push away food and thus give the mother a real cause for being upset.

Other mothers use the feeding time as an opportunity to get in a few surreptitious squawks while the baby nurses or takes the bottle. She gives the baby his food with an air of "Here, darling, is some-

thing you are going to love." Instead of "There, stop your crying, this will hold you for a while." And don't tell me the baby doesn't know the difference!

It is only when the mother has given the baby opportunity to eat the best food and has served it to him with the smile she would reserve for royalty, that she, with perfect aplomb, see him accept or refuse it. She knows, then, it is because he isn't hungry or doesn't feel well, and not because of her own emotions have flavored it unpleasantly.

But if she has fed him with an air of "Oh, what a bother you are and how glad I'll be when you are old enough to feed yourself!" she may have real cause to worry. Then she has given the child nourishment with an accompanying flavor that makes it literally impossible for him to swallow.

Our leader No. 35 "Four Appetites" may be had by sending a stamped self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

Rouge worked in closer to the nose will give the effect of narrowing the too-wide face.

WHY GROW OLD

Apply Rouge Carefully For Desired Effect

By Josephine Lowman

Q. "I am all mixed up about how to apply rouge. I have a very short, wide face and someone told me to place the rouge at the outside near the temples. I look better without any coloring than this way. What is wrong?"

A. You are doing it just backward. Rouge emphasizes the spot in which you place it. Therefore when you put it far away from the nose, it makes the face look wider. You are following the rule for the thin face. Place the rouge close to your nose or toward the centre. This will slim it.

Q. "Is there any remedy for 'frowns' or frowning lines? This spoils many otherwise lovely faces. Lubricating creams are of no avail."

A. It doesn't do much good if you lubricate the skin and then continue frowning. Break yourself of this habit. Watch it constantly. It may inhibit your personality for a time but soon you will lose the habit. Apply an oily cream at night and massage ALONG the line. Wipe the excess cream off and smooth the furrows out, afterwards applying one of the paper or rubber wrinkle-removing adhesives now available. Leave it on all night.

You will greatly minimize the line if you do this.

Q. "I would like to know how to darken my eyebrows. My hair is blonde and my eyebrows are almost white."

A. Use an eyebrow pencil in brown. Use short feathery strokes, not a dark line. Of course you can have the brows dyed but if you do be sure you have a competent operator and take an allergy test first.

Q. "I have been a reader of your column for quite a while and I am sending you my measurements and would like for you to tell me if I am correctly proportioned. I am 14 years old; 5 feet, 1 inch tall, and weigh 82 pounds. My bust measures 32 inches; waist, 22½ inches, and hips, 31 inches."

A. You are underweight and should gain 10 pounds anyway. Your proportions are all right. Gain this weight for health's

Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR TUESDAY, JULY 12, 1949.

March 21 to April 20 (Aries)—Stars in benefic position. Keep your standard raised, and don't let good ideas drift. Don't tape off in strength of will or emotion because things are going good. Keep trying.

April 21 to May 20 (Taurus)—Sands and sand new ideas in between good business endeavors. Opportunity now, use it well and feast satisfactorily on worldly effort. Coolness, composure important.

May 21 to June 21 (Gemini)—Planetary indications warn against overconfidence; some uncertain spots. Day suggests, an dig in, think, work and say a few prayers. You will achieve.

June 22 to July 23 (Cancer)—Several bright prospects for you to follow today. Select the best suited and concentrate on it. Generally an upgrade day. Watch for try to double-gains.

July 24 to August 23 (Leo)—Very little ground to roam for complacency or self-congratulations. Let other complement you; it will mean more. Have caution against indulgence in money, business matters.

August 24 to September 23 (Virgo)—Though problems may manifest more easily, however, there is a line of calm intelligence extra effort, and a better outlook. Look up; be your smiling, happy self.

September 24 to October 23 (Libra)—Business and personal matters sure to prosper if rightly enacted now. Trade, banking, building, medical contacts, general labor and management conferences favored. Seek facts.

October 24 to November 23 (Scorpio)—Bright prospects for you soon, especially in the latter part of the month. To the ground you can cover, don't miss as you go. The latter end brings heart, home and family indications.

November 24 to December 23 (Sagittarius)—Go easy in taking on obligations, especially those involving money. Outside protective screen is fragile, and tonight such are temporary live can be troublesome.

December 24 to January 23 (Capricorn)—Some artificiality now, outlook more warm, better than last month. Some advice from intelligent friends, be moderate in taking on new responsibilities. Try to be well-informed.

January 24 to February 23 (Aquarius)—The motto, "slow but sure," applies here. Tendency to pull down values; preparations may not be up to par. Ask, "Am I doing right?" Better say, "I am doing right."

February 24 to March 23 (Pisces)—Ake, You probably also will feel leveler.

Q. "I am 42 years old and my husband says I look older when I lift my head because the skin under my chin pulls tightly. What can I do?"

A. I belong to the "head back" school of thought about the chin-line. Try spine, settle, and shorten as we grow older and the muscles atrophy without exercise. Sit in a chair, or stand erect. Lower your head backward as far as you can, feeling the pull under your chin. Raise your head and touch your chin to your chest. Continue.

DOROTHY DIX SAYS

Lonely People Have Themselves to Blame

DEAR MISS DIX: Why are lonely people lonely? If they are women who are unmarried, they think they are lonely because they are old maids. If they are married people, they think it is because their husbands and children don't understand them. If they are poor people, they think it is because they lack money. If they are rich, they think they are lonely because there is nothing worth while.

If they could only shuffle themselves around in each other's places, would they be less lonely? Why don't the lonely get together and console each other?

A READER.

ANSWER—I think loneliness is a state of mind and not a condition of life, and that the lonely would be lonely under any circumstances.

They are what the psychologists call "anti-social" and they lack somehow the ability to fraternize with their fellow creatures. They are not, as the phrase goes, good mixers.

They have no approach and do not know how to make friends. They have certain aloofness about them that is like a barrier of ice that separates them from their kind.

This trait of character manifests itself often very early in life. You are even small children who have already developed the lone-wolf trait. They come and go to school alone.

They never have any intimate chum. They are never chosen for the school games, while other children are always the centre of the gang and live in mobs.

Certainly not getting married does not predestine a woman to loneliness, and the tears we are supposed to shed over lonely old maids are so much wasted brine.

for we all know plenty of old maids whose lives are so overcrowded with friendships, with interests, with work and pleasures that they consider it a positive treat to get an hour off in which to commune with their own souls.

Nor need any married woman be lonely just because her husband doesn't come up to all of her dreams. Some sign of brilliancy, make necessary stop-gaps to protect your values, money. Call on resources and all good influences, but don't over-estimate.

You Burn Today—Many fine characteristics, but faults that can hurt you mostly. General's versatile, though often changeable. You are sensitive, sensitive forward, more often, setting. Have fine facilities, good memory and, no right, training. You mean almost any goal you desire. Know your capacity, your hands, the what you really desire from life. Help maintain harmonious surroundings—long for health and endeavor. Protect health, don't worry. Birmah, Henry David Thoreau, American naturalist, writer Julius Caesar, Roman soldier, statesman.

REGINA will be the home of the wedding of Vincent Follet, younger son of Dr. and Mrs. J. V. Follet of Calgary, and the former Miss Margaret Austen, daughter of Mr. and Mrs. H. E. Austen of Regina. The ceremony will take place at 3 p.m. at St. James' Anglican Church.

Follet-Austen Vows Taken Here Recently

The wedding ceremony of Vincent Follet, younger son of Dr. and Mrs. J. V. Follet of Calgary, and the former Miss Margaret Austen, daughter of Mr. and Mrs. H. E. Austen of Regina, took place at 3 p.m. at St. James' Anglican Church.

The bride was escorted by her brother, Mr. H. E. Austen, and the groom by his brother, Mr. J. V. Follet. The ceremony was performed by the Rev. R. E. Vinson.

The bride wore a white gown with a pink sash and carried a bouquet of white delphinium, pink and white spirals, and pink carnations. The groom wore a dark suit and tie.

The reception was held at the home of the bride's parents, Mr. and Mrs. H. E. Austen, where a large number of guests were present.

The bride and groom were accompanied by their parents and several other family members.

The ceremony was a private affair, with only close family and friends in attendance.

The bride and groom were married in the presence of their families and friends.

The ceremony was performed by the Rev. R. E. Vinson, who is the rector of St. James' Anglican Church.

1. **THEORY**—The author, a senior research fellow at the Center for the Study of the History of the United States, presents a comprehensive history of the American labor movement from the 19th century to the present. The book is written in a clear, accessible style and is suitable for both students and general readers. The author's analysis of the labor movement is based on a thorough understanding of the historical context and the social and economic forces that shaped it. The book is a valuable resource for anyone interested in the history of the United States and the labor movement.

20 Leaving Schools At Wetaskiwin

Consolidation Seen As Aid to Meeting Situation in Fall

WETASKIWIN, July 11—Wetaskiwin School Division No. 36 appears headed for an acute shortage of qualified teachers for the next school term.

Out of a total staff of 52 teachers in the division, 20 have handed in their resignations. Some of them are returning to University, others have moved and some are retiring. There is no particular salary dispute. Early in the year the teachers asked for a minimum of \$1,700 and maximum of \$2,300. School board accretions for scholastic degrees. Because most of the resignations are from one-room schools further efforts are being made by the school division to consolidate more of the district institutions. Parental opposition against increasing the distance their children must travel is the main stumbling block in consolidation.

Singer Organizes New Glee Club

ROCKY MOUNTAIN HOUSE, July 11—A glee club has been organized here by Alex Johnston, former Edmonton opera singer and musician, who moved to Rocky last spring.

Mr. Johnston will be leader and organizer and will be assisted by Mrs. R. Harrison, formerly of Saskatoon.

Full-scale practices will begin in September and the club will shoot for the Alberta Glee Club trophy.

Rain Sparks Fun At District Gala

WILLINGDON, July 11—Heavy shower, usually guaranteed to quell enthusiasm for any outdoor event, did just the opposite here when it rained during the annual sports gala.

The heavier the rain the happier the crowd, mostly district farmers who were beginning to give up all hope of any crop this year. Some already had started to plow the trip under.

Brush Hill captured top prize of \$200 in the basketball tournament, edging out Chipman in the final.

Loverna Farmers Hold Field Day

ESTHER, July 11—Agricultural field day was held at the farm of Alan Brunwell, half a mile west of Loverna.

Speakers were Miss Pattie whose topic was "Kitchen and Workroom Planning"; G. D. Matthews, "Water Development and Sprinkler Irrigation"; and C. H. Keys, "Work in Progress at the Experimental Station."

SCENE OF ALBERTA SWIMMING MEET

With the holiday months and hot weather, Albertans are taking to the beaches in a big way. They are enjoying such scenery as this photograph at Sylvan Lake. The lake, incidentally, will be scene of Alberta championship Wrigley swim on July 23. Championship events will include men's mile, ladies' mile, junior men's and junior ladies' half mile for those under 17. There will also be senior and junior diving events. Ian P. MacSween, Sylvan Lake, swim secretary, is taking entries to July 20.

Movies While You Swim at Jasper

JASPER, July 11—What will they think of next?

Now it's movies while you swim in the hottest natural pool in North America at Miette Springs in Jasper National Park.

The films pointed mainly at the United States' tourists, are all Canadian shorts produced by the National Film Board.

Movies also are being presented at the Columbia Icefield's Chateau Jasper Park Lodge, the park administration building and the camp grounds.

Full faces men's baseball and football football tournaments featured the program. Hamelin won the baseball meet while Smoky Lake captured the football trophy.

Bella church women got together to provide meals for all the visitors. The Daughters of the Empire provided music for a wind-up dance in the evening.

Some Odds & Ends From the Weekend

By Ken Liddell
Provincial News Editor

Picked up in passing, or trying to: If there is anything to make a guy mad it is trying to pass a truck that is about a lane and a half wide.

But truckers are human and most have a sense of humor. Such as the fellow we met with the sign painted on the back of his big battleship "Don't pass. Push."

And speaking of motoring, if the people who live along the highway are it passes through Ponoka were to suggest to their children that they go play in the backyard instead of standing on the road throwing stones at passing cars, neither the motorists nor the children would get hit.

And to wind up the week we got a letter from Miss Toni Antonuk who lives at Edson and must be mad about something.

She said she read a piece some fool wrote in the paper about women smokers blowing smoke all over everybody and everything.

She said the "only thing I regret is the utter waste of time I spent reading this article, if you could call it that, the time I spent writing this, the extravagance of a four-cent stamp, this copy paper and an envelope."

The fact she referred to "copy paper" might indicate Miss Antonuk knows something about writing.

And if she does, maybe the boss should offer her a job on the basis of her punch lines.

Out of the blue—either anger or smoke—she wrote "Drop dead, Liddell."

Some dirty day must just put a piece on people who leave wet, chewed chewing gum in ash trays in cars. Slightly, Miss Antonuk something else to chew about.
